Poplar Pole End Cut

- Bark House provides bark panels and shingles, as well as wood slabs, stumps, stems, twigs, poles, and logs
- Products are reclaimed by-products of the timber industry
- Standard Poplar panels and shingles are Cradle to Cradle Certified
- Made in NC by Bark House, a Certified B Corporation
- Low VOC glues and FSC backings available on laminates
- Poplar panels available in 4' (+/-) widths and 8'-14' heights
- Laminate panels can be specified in any size, though 4'x8' is standard
- Applications include interior walls, exterior siding, furniture and millwork
