## Durat For Schools

As new school designs incorporate the built environment as part of the learning experience, materials should be available to help liven up these educational spaces, inspiring children as they become the creative foundation of our future. Durat brings the right balance of form and function to higher learning.

For samples of a color, please call us at 919 929 3009 or email [durat@caragreen.com](mailto:durat@caragreen.com).
