

ECHOSCREEN SPECIFICATIONS

EchoScreen dividers may be hung individually or in groups to segment space, create visual interest and reduce unwanted noise.

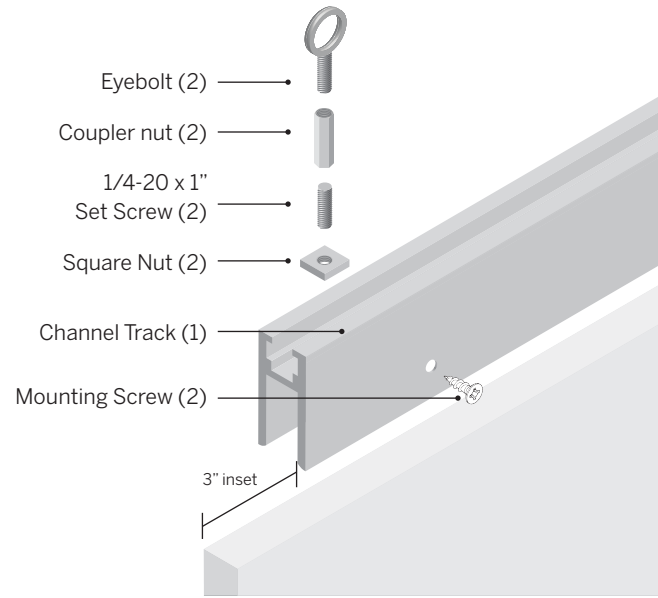

ECHOSCREEN DIMENSIONS

EchoScreen is made from 12mm thick EchoPanel.

ECHOSCREEN ATTACHMENT HARDWARE

(Included per screen)

EchoScreen includes our proprietary channel track, plus two attachment hardware sets. Hanging options include 1/4"-20 set screw and eyebolt fasteners to enable hanging with cable, rod and other premium hanging hardware.

CUSTOMIZE IT!

WHAT'S YOUR BIG IDEA?
Custom printed and cut EchoScreens available

EchoScreens are made from recycled PET and aluminum. Components can be reused or recycled at the end of life.

EchoScreen can help your project gain LEED® green building credits.

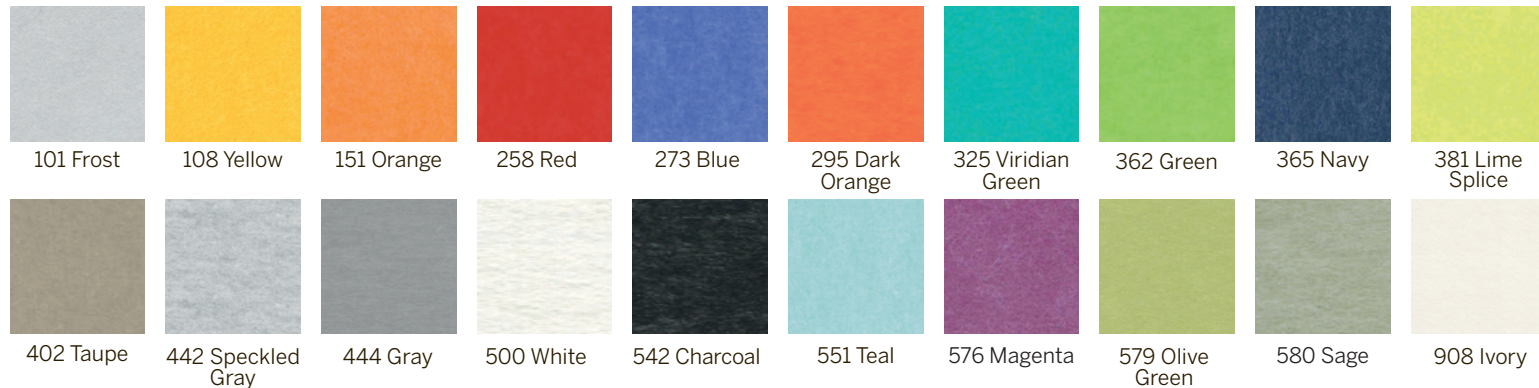

WALL AND CEILING MOUNTING

EchoScreen can be ceiling hung using cable or rod or wall mounted to nearly any wall surface, including glass conference room walls – no more “fishbowl” effect for confidential or sensitive meetings. Mount EchoScreens to existing T-grid ceilings with available T-grid clips, compatible with most ceiling grid systems.

INSTALLATION NOTE: Ceiling mounting hardware should be selected to meet ceiling type, conditions and seismic/weight-bearing requirements. Detailed installation instructions are available at www.kireiusa.com

ECHOSCREEN COLORS

Choose from any of our 20 neutral and vibrant EchoPanel colors to set the mood of your space.

Design aesthetically and acoustically winning interior spaces with the infinitely customizable and ecologically sound EchoPanel® acoustic panels and tiles. Take the next step in functional, beautiful, sustainable design.

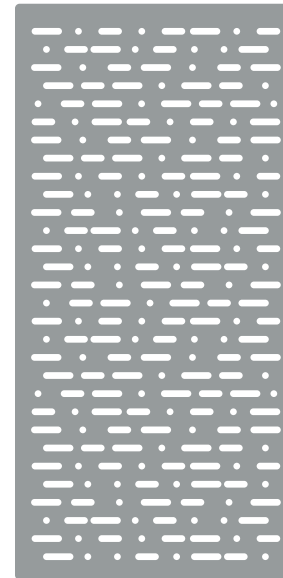

ECHOSCREEN

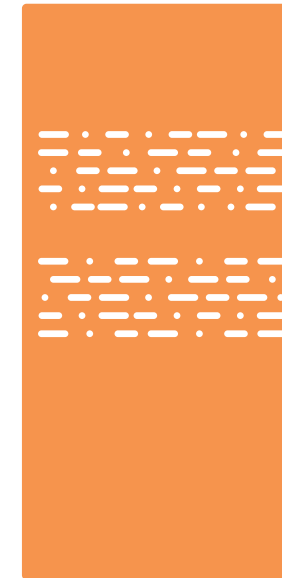

PRIVACY IS PRECIOUS

Today's open-plan offices, schools, and living quarters can result in visual and acoustic distraction. EchoScreens help reduce sonic and visual overstimulation for healthy, productive spaces.
