WHEAT BOARD PANELS

Wheat Board is an eco-friendly alternative to MDF fiber board, made of wheat straw, a by-product of harvesting wheat. It is perfect for cabinetry, casework, wall panels, and furniture in both commercial and residential spaces.

GENERAL INFORMATION

- Wheat straw improves moisture resistance
 - Flexible and stable
 - Consistent in strength and size
- Panels come unfinished
- Sheet size: 4' x 8'
 - Thickness: 3/4"
 - Applications: residential and commercial furniture, cabinetry, casework, signage, and wall panels

SUSTAINABILITY

- Includes post-industrial recycled content
- Wheat is a rapidly renewable resource
- Non-emitting
- Formaldehyde-free
- Non-toxic MDI binder
